

## RESEARCH PUBLICATIONS DURING LAST ONE YEAR

FOLLOWING RESEARCH PROJECTS WERE TAKEN UP BY M.D. HOMOEOPATHY  
STUDENTS DURING LAST ONE YEAR

Sl. No.	Name of the Student	Subject	Topic
1	Dr.Darapureddi Ajaya Kumar	Materia Medica	Coiling and Uncoiling of Baryta Carb with Brayta Group - A Randomised Non-Control Clinical Trial
2	Dr.Razaali Faras	Materia Medica	Role of Solanaceae in Management of Manic Disorder
3	Dr.Sadiya Samreen Badagan	Materia Medica	Comparative Study of Magnesium Group and Individualized Constitutional Medicine in the Management of Diseases of Orphans
4	Dr.Satish Krishna M	Repertory	Leukonychia Infirmitiy with Repertorial Identity
5	Dr.Dhananjay Kumar	Repertory	Repertorial Approach to Treatment of Duchenne's Muscular Dystrophy using Boger's Synoptic Key
6	Dr.Bhosale Prashant	Repertory	Individualizing Approach to Hypomani using Kent's Repertory
7	Dr.Shahnaz Kamaluddin Raut	Organon	Hahnemannian Approach to treatment of Vulvo-Vaginal Candidiasis
8	Dr.Nithanth B.S.	Organon	The Study of Importance of the Second Prescription in Acid Peptic Disorder
9	Dr.Anisa Khalid Arkate	Organon	Assessment of Temperaments in Alcoholic Abuse. A Randomised Non-Control Trial
10	Dr.Najib Patel	Practice of Medicine	Role of Copaiba Officinalis in the management of Urinary Tract Infection in Vitro and in Vivo Evaluation Study
11	Dr.Deepa	Practice of Medicine	Role of Homoeopathy in the management of Obsessive Compulsive Order - A Clinical Study
12	Dr.Shabeena R. Kittur	Practice of Medicine	Role of Homoeopathic Medicines in the Management of Depression in Geriatric Age Group
13	Dr.V. Sivathejasvi	Paediatrics	Effectiveness of Agraphis Nutans, Baryta Carbonicum, Calcarea Phosphoricum & Tuberculinum in the Management of Adenoids in Paediatrics
14	Dr.Vijaylaxmi Patil	Paediatrics	Clinical Study on Effectiveness of Homoeopathic Remedies in Premature Canities in Pediatrics
15	Dr.Aneesfatima Sayed Jalaluddin Peerzade	Paediatrics	A Clinical study of the effects of Environmental factors causing upper Respiratory Tract Infections in Pediatrics and its Management with Homoeopathic Medicines

**FOLLOWING RESEARCH PROJECTS WERE TAKEN UP BY DEPARTMENTS DURING LAST ONE YEAR**

<b>Sl. No.</b>	<b>Name of the Department</b>	<b>Principle Investigator</b>	<b>Topic</b>
1	Homoeopathic Pharmacy	Dr.R.A. Telang	Drug Proving of Ipecac 30
2	Human Anatomy	Dr.R.R. Virupakshi	Variation of Lumbar Vertebrae in different Races
3	Physiology & Biochemistry	Dr.V.S. Harugeri	High intensity exercise in hypoxia beneficial aspects & potential drawbacks
4	Materia Medica	Dr.V.V. Kulkarni	Role of Caladium, Tabaccum & Lobelia inflata in prevention of smoking habit
5	Organon of Medicine & Homoeopathic Philosophy	Dr.K.N. Patil	To evaluate the usefulness five pre defined homoeopathic medicines in the management of Nasal Polyps in Children
6	Pathology & Microbiology	Dr.N.M. Patel	In Vitro comparative study of Copaiba & Cantharis mother tincture in cases of UTI
7	Forensic Medicine & Toxicology	Dr.R.G. Porwal	Regression equation between middle finger length & stature
8	Surgery	Dr.Saeed Ahmed	Efficacy of Homoeopathic Medicine in Ureteric Calculi
9	Obstetrics & Gynaecology	Dr.S.M. Madiwale	Homoeopathic Management of Leucorrhoea
10	Practice of Medicine	Dr.Jyoti Vijaykumar	Role of Arsenicum Alb in Allergic Rhinitis
11	Repertory	Dr.L.S. Nadgir	Utility of complete Repertory in the treatment of Hair fall
12	Community Medicine	Dr.V.R. Kulkarni	Survey the frequency of Iron deficiency anemia as a nutritional disorder in adopted village
