

RESEARCH PUBLICATIONS DURING LAST ONE YEAR

FOLLOWING RESEARCH PROJECTS WERE TAKEN UP BY M.D. HOMOEOPATHY
STUDENTS DURING LAST ONE YEAR

Sl. No.	Name of the Student	Subject	Topic
1	DR.DIVIYA SINGH	Materia Medica	Determining Homoeopathic Perspective in the Management of Primary Hypothyroidism in females - A Cross Over Study
2	DR.FARHEEN	Materia Medica	Assessment of effectiveness of Medorrhinum in the treatment of stunted growth in children. A Placebo controlled study
3	DR.NELAPATLA SYAMALA	Materia Medica	An Interventional single blind comparative study of phosphoric acid and constitutional medicines in the treatment of home sickness
4	DR.PRANAV C P	Repertory	Kent's Repertorial approach vis-à-vis specific remedial approach in the management of urinary tract infection in females.
5	DR.SAYYAD SIKANDAR KASIM	Repertory	Kent's Repertorial approach vis-à-vis active control with calcarea phosphorica in the management of Osteoarthritis - A randomised control trial
6	DR.SADAF SHAIKH	Repertory	A comparative study of constitutional approach with specific medicinal approach in the management of Menopause
7	DR.SAMAREEN FATIMA KAVARE	Organon	Effectiveness of Homoeopathic constitutional medicine and calcarea phosphoricum in the management of calcium deficiency in women attaining menopause - A randomised control trial
8	DR.KANKANWADE SWAPNAJA MAHADEV	Organon	Life space analysis in prescribing Homoeopathic constitutional remedy for diabetes mellitus - A randomised control study
9	DR.ABDULKHADAR BEG KADAKOL	Organon	A prospective interventional study, to analyse the impact of Homoeopathic constitutional medicine in the post hospitalised pneumonia cases in children
10	DR.NIYAZAHMED BAGWAN	Practice of Medicine	Role of Homoeopathy in acute bacterial rhinosinusitis and its impact on quality of life - A randomized control study
11	DR.PADMAJA PAWSHE	Practice of Medicine	Role of Homoeopathy with constitutional medicine vis-à-vis external application in the management of dermatophytosis - A randomised controlled study
12	DR.RAKHI KUMARI	Practice of Medicine	Application of spirometry in assessing pulmonary function and staging copd and its homoeopathic management. A randomised controlled study
13	DR,MANJUNATH OULKAR K	Paediatrics	A Randomised control trial of acute follicular tonsillitis with mercurius iodatus ruber and constitutional treatment in Paediatrics
14	DR.ROSE MARY DKHAR	Paediatrics	A Constitutional approach in the Homoeopathic Management of examination phobia in Paediatric age group - A placebo controlled study
15	DR.CHITTURI LASHMI PRATHYUSHA	Paediatrics	Ascertaining the efficacy of Homoeopathic treatment of generalised anxiety disorder in adolescenta - A simple randomised placebo control trial

FOLLOWING RESEARCH PROJECTS WERE TAKEN UP BY DEPARTMENTS DURING LAST ONE YEAR

Sl. No.	Name of the Department	Principle Investigator	Topic
1	Homoeopathic Pharmacy	Dr.V.V. Kulkarni	Drug Proving of Ipecac 30
2	Human Anatomy	Dr.R.R. Virupakshi	Variation of Lumbar Vertebrae in different Races
3	Physiology & Biochemistry	Dr.V.S. Harugeri	High intensity exercise in hypoxia beneficial aspects & potential drawbacks
4	Materia Medica	Dr.A.A. Balekundri	Role of Caladium, Tabaccum & Lobelia inflata in prevention of smoking habit
5	Organon of Medicine & Homoeopathic Philosophy	Dr.K.N. Patil	To evaluate the usefulness five pre defined homoeopathic medicines in the management of Nasal Polyps in Children
6	Pathology & Microbiology	Dr.N.M. Patel	In Vitro comparative study of Copaiba & Cantharis mother tincture in cases of UTI
7	Forensic Medicine & Toxicology	Dr.R.G. Porwal	Regression equation between middle finger length & stature
8	Surgery	Dr.Saeed Ahmed	Efficacy of Homoeopathic Medicine in Ureteric Calculi
9	Obstetrics & Gynaecology	Dr.S.M. Madiwale	Homoeopathic Management of Leucorrhoea
10	Practice of Medicine	Dr.Jyoti Vijaykumar	Role of Arsenicum Alb in Allergic Rhinitis
11	Repertory	Dr.L.S. Nadgir	Utility of complete Repertory in the treatment of Hair fall
12	Community Medicine	Dr.V.R. Kulkarni	Survey the frequency of Iron deficiency anemia as a nutritional disorder in adopted village
