

A. M. SHAIKH HOSPITAL ORGANIZED DENGUE AWARENESS CAMP

A.M. Shaikh Hospital organized Dengue awareness camp recently at different schools in and around Belagavi. The camp was organized to spread awareness among the people about Dengue and its preventive measure. The doctors exhibited poster that gave the details of the dengue diseases, its causes and symptoms along with preventive measures. A brief idea about the basic preventive measures to be followed was given to the participants.

More than 2000 students from different schools of Belagavi were given doses. Addressing the gathering Dr. I A Khatib said that “People need to be aware of the possible, mosquito breeding spots in their vicinity and for that Dengue awareness camp is very essential”. He further said that there are chances of preventing the dreaded diseases by making conscious efforts in maintaining a clean environment and preventing stagnation of water. The event was coordinated by Dr. I A Khatib along with dr. N. M. Patel, Dr. K. N Patil and Dr. A.M. Patel.
