

**A.M.SHAIKH HOMOEOPATHIC MEDICAL COLLEGE ORGANISED INDUCTION PROGRAM
ON RESEARCH METHODOLOGY FOR INTERNS**

An induction programme was conducted on 27/09/2023 on the topic **“Intern’s research projects & Research methodology”**.

Dr Sangeeta Belagavimath and Dr. D. H. Mercy were the speakers. Dr. Sangeeta emphasized on the importance of taking up research in the medical field and about the problems faced during a research with the solutions to tackle the same. She encouraged the students to come with impactful research topics in the coming days.

Dr. D H Mercy spoke on how to design a proper research proposal. She enumerated the various steps involved for a good research project. She also gave examples of various types of research that can be taken up by the students.

The session ended with an interaction where the students formed groups of three and enrolled for the research projects for the upcoming year 2023-2024.
