

**DEPARTMENT OF COMMUNITY MEDICINE A.M. SHAIKH HOMOEOPATHIC MEDICAL COLLEGE,
FINAL YEAR STUDENTS VISITED MAHESH FOUNDATION, KANABARGI, BELAGAVI.**

Students witnessed the compassionate care provided to HIV/AIDS children, including shelter, food, education, medicines and essential amenities. The authorities of the NGO showcased various facilities provided in the foundation such as the kitchen, counseling room, blood bank, classrooms, and medical services.

The educational experience was exceptionally advanced, utilizing modern technology.

The program concluded with an insightful speech by Mahesh Jadhav (founder of Mahesh foundation) detailing the foundation's inception, operations, and challenges faced. Mahesh Foundation has been helping HIV-affected youngsters with their health and education while also nurturing their artistic and athletic abilities.

Overall, it was a remarkable and enlightening experience for the students who were sensitized about "Social responsibility of the youth".

The students were accompanied by Dr. Sai Krishna.
