“A. M. SHAIKH HOMOEOPATHIC MEDICAL COLLEGE CONDUCTED GOOD TOUCH & BAD TOUCH AWARENESS SESSION FOR SCHOOL STUDENTS”

A. M. Shaikh Homoeopathic Medical College conducted an interactive awareness session on **"Good Touch & Bad Touch"** at Shaikh Central English Medium School, Belagavi, to educate children about personal safety and body awareness. The session was led by **Dr. Nahida M. Mulla, Professor & Head of the Department of Pediatrics**, who explained the concepts of safe and unsafe touch in a simple, age-appropriate, and engaging manner. Students were sensitized about body autonomy, recognizing uncomfortable situations, confidently saying "No," moving away from unsafe environments, and immediately informing a trusted adult if they ever felt unsafe. Through interactive discussions and practical examples, children actively participated and gained valuable knowledge to protect themselves. The programme aimed to empower young minds with awareness, confidence, and the ability to make safe decisions. The initiative reflects the institution's commitment to promoting child safety, health education, and holistic development within the community.
