“A. M. SHAIKH MEDICAL COLLEGE ORGANISES WORLD LITERACY DAY AWARENESS PROGRAMME”

A. M. Shaikh Homoeopathic Medical College organised an **awareness programme** at Devgiri Village on 19 September 2026 to mark **World Literacy Day**. The programme was conducted by the **Department of Pathology and Microbiology** in association with the **Second Year BHMS students**. As part of the initiative, the students undertook a door-to-door awareness campaign, interacting with villagers and highlighting the importance of literacy in everyday life.

The students explained how education and literacy play a vital role in improving knowledge, communication, decision-making, employment opportunities and overall quality of life. Through meaningful interactions, they encouraged community members to understand the value of education and motivated them to support learning among children and adults.

The programme reflected the institution's commitment to community outreach, social responsibility and health education, while providing students with an opportunity to actively engage with the community and contribute to social awareness.
